# Welcome, Love!

Hey Love,

I created this short guide to add to other methods you may have when it comes to Studying your Bible and spending time with God.

Each day read through a passage or entire chapter.

Then read through a second time and underline keywords and phrases.

Write down what God is saying in this chapter and identify a theme.

Take a few minutes to identify the spiritual truth or principles in this chapter that are applicable to your life.

The thing about Bible study is It familiarizes us with, and helps us grasp, the whole story of Scripture. **It keeps our souls energized.**

But Bible study deepens and expands our understanding of specific Bible passages;

it helps us sort through hard concepts and gives insight into the context of the Bible.

Sis It doesn't matter how many methods you may have, God just wants your heart.

Sincerely,

Kasi Bell
